PROFESSIONAL SUMMARY

Motivated 3rd-year Computer Science student at Manipal University Jaipur with demonstrated expertise in full-stack web development. Frontend-focused full-stack developer with expertise in React and responsive UI design. Experienced in building scalable web applications with seamless API integration. Proficient in React.js, Node.js, and Express.js with hands-on experience building production-ready applications. Strong problem-solving capabilities, collaborative mindset, and ability to work independently in remote environments. Seeking full-stack software development internship to contribute to meaningful projects and expand technical skills.

EDUCATION

B.Tech – Computer Science & Engineering (Data Science) | Manipal University Jaipur | CGPA: 7.14 (3rd Year)

Relevant Coursework: Data Structures & Algorithms, Database Management (MySQL, MongoDB), Web Development, OOP, Computer Networks

TECHNICAL SKILLS

Frontend Technologies: HTML5, CSS3, JavaScript, React.js,VITE, Tailwind CSS, EJS, Responsive UI Design
Backend Technologies: Node.js, Express.js, REST APIs, MongoDB ,
Database Management: MongoDB Atlas, SQL, Database Schema Design,
Programming Languages: JavaScript, Java, C
Version Control & Collaboration: Git, GitHub, Collaborative Development, Code Review
Development Tools & Platforms: VS Code, Postman (API Testing), AWS,Render, Vercel, Cloudinary, Multer
Core Competencies: Problem-Solving, Analytical Thinking, System Design, API Development, Debugging

PROJECTS

BilliBlogger – Full-Stack Blogging Platform | Production Deployment
Frontend: HTML5, CSS3, EJS Templates | **Backend:** Node.js, Express.js | **Database:** MongoDB Atlas, Mongoose

- Developed full-stack blogging application with HTML5, CSS3 frontend and Node.js/Express.js backend following MVC architecture pattern.
- Implemented complete CRUD operations for blog posts with MongoDB Atlas and Mongoose ODM for persistent data storage.
- Built secure user authentication system using cookie-based sessions and implemented role-based access control.
- Integrated Cloudinary for image uploads using Multer middleware, enabling users to attach images to blog posts.
- Designed responsive UI with EJS templates ensuring seamless user experience across devices.

AtomQuest – Goal Setting & Tracking Portal | React.js Frontend | Production Deployment
Frontend: React.js, JavaScript, TypeScript, Tailwind CSS | **Backend:** Node.js, Express.js, REST APIs

- Built responsive React.js frontend with JavaScript/TypeScript and integrated with Express.js REST APIs.
- Implemented role-based authentication with secure login workflow and session management for multiple user types.
- Deployed on Vercel with optimized performance and managed collaborative development using Git/GitHub.

URL Shortener Web Application
Frontend: HTML5, CSS3, JavaScript | **Backend:** Node.js, Express.js, REST APIs | **Database:** MongoDB

- Developed full-stack URL shortening service with HTML5/CSS3 frontend and Node.js/Express.js REST APIs.
- Implemented secure user authentication and MongoDB database for persistent storage of URL mappings and analytics.

LEADERSHIP & ACHIEVEMENTS

General Secretary – IEEE Robotics & Automation Society (RAS) | Manipal University Jaipur (2026-Present)

- Led technical events and workshops, demonstrating strong organizational and collaborative skills.
- Mentored team members and coordinated projects, showcasing communication and problem-solving abilities.

NPTEL Elite Certification in Java Programming | IIT Kharagpur (2025) | Score: 82%

- Completed advanced programming course demonstrating strong analytical and problem-solving skills.

KEY STRENGTHS

Problem-Solving: Strong analytical and debugging skills with experience in algorithm design and implementation.
Collaboration: Effective communication skills demonstrated through team projects and IEEE leadership roles.
Independent Work: Proven ability to work independently and self-manage in remote development environments.
Learning Aptitude: Quick learner with demonstrated ability to acquire new technologies and frameworks (React, TypeScript, MongoDB).
